October 3, 2017

The Honorable Sylvester Turner, Mayor
City Council Members

SUBJECT: Office of the City Controller
Fiscal Year 2018 Audit Plan - Amended

Mayor Turner and Council Members:

The Fiscal Year 2018 Audit Plan has been amended to include a project description for City-wide Hurricane Harvey Recovery. The project is located in the Special Projects & Ongoing Monitoring Procedures section of the Audit Plan. As amended, this document will serve as the primary work plan to carry out audit responsibilities in an efficient and effective manner.

This Audit Plan includes performance, compliance/contract, monitoring, continuous auditing, and unannounced audits. Additionally, the plan provides for follow-up procedures and special projects.

We post the status of progress in executing our audit plan on a quarterly basis on the Audit Division webpage within the Office of the City Controller website.

Respectfully submitted,

Chris B. Brown
City Controller

BACKGROUND AND AUTHORITY –

The City Controller is an independently elected official who is granted authority through Article VIII of the City Charter. Article VIII, Section 7, *Audits*, requires the City Controller to “... be responsible for conducting internal audits, in accordance with professionally recognized auditing standards, of the operations of all City departments, offices, agencies and programs. The scope of internal auditing shall encompass an objective and systematic examination of evidence to provide an independent assessment of the efficiency and effectiveness of the city's system of internal controls and the quality of performance based on quantifiable criteria in meeting objectives....”. The City Controller assigns this responsibility to the City Auditor (through appointment) to be the executive in charge of the Audit Division, whose scope of work is contained under a separate Charter (Audit Division Charter¹). Audit results are issued to the Mayor, City Council Members and Department Directors.

AUDIT DIVISION ORGANIZATION –

At the end of FY2017, the Audit Division had a total headcount of 11, consisting of 9 professional audit staff, one support staff, and the City Auditor. Audit Division staff provide audit related services as their primary focus. Additional training, certifications, and experience will enhance staff ability to provide services.

The Controller’s Office uses internal and external audit resources to execute our mission and objectives and meet the needs and requests of our varied stakeholders. We currently have 9 professional service firms under contracts which will expire July 2021.

APPROACH AND METHODOLOGY –

The Audit Division adheres to: 1) the *Government Auditing Standards* (GAS – commonly referred to as the “Yellowbook”) as promulgated by the Government Accountability Office (GAO) and 2) the International Standards for the Professional Practice of Internal Auditing as issued by the Institute of Internal Auditors (IIA – known as the “Redbook”). To assure compliance with these professional standards, the Audit Division undergoes a peer review every 3 years. The most recent peer review was completed November 18, 2016.²

The Annual Audit Plan is a *flexible* commitment of the Audit Division within the Office of the City Controller which establishes areas that will be prioritized for audits in accordance with the responsibility and authority identified in the City Charter. The Audit Plan, approved by the City Controller, serves as a working document that considers items such as; the Enterprise Risk Assessment (ERA), input from the Mayor, City Council, Department Management, and results from previous audits. Due to continual requests for audit services, the increasing demand for non-audit services, and the required testing for planned activities, the Audit Plan will be monitored and revised as necessary throughout the year.

The professional standards noted previously require that the Audit Plan be grounded in risk-based methodology. An Enterprise Risk Assessment (ERA) is conducted annually on selected Departments on a rotational basis for efficiency and to ensure full coverage of all City Departments over a 4-5 year period³.

Evaluation of these factors provides indicators for prioritizing potential projects for the upcoming year. In other words, this points us in the direction of “*what*” to audit. We then identify the available resources to determine the volume of activity to include in our plan (see Audit Resource Allocation section below).

¹ See Audit Division Charter at www.houstontx.gov/controller/audit/charter.pdf

² See 2016 Peer Review reports at www.houstontx.gov/controller/audit/peerreview.html

³ See Report No. 2017-11 - FY2017 ERA Update

AUDIT RESOURCE ALLOCATION –

Annually, the Audit Plan prioritizes the Audit Division's limited resources of budgeted staff and funds based on the ERA. The Audit Plan, therefore prioritizes expending efforts on either common Key Business Processes or Departments having a perceived high or moderate risk profile rating. Specific risk factors related to internal controls, estimated liability, and levels of exposure are used to identify and prioritize risks. As such, the City's audit function serves as a risk evaluation resource.

The number of projects that are proposed is based on consideration and an evaluation of:

- Current headcount within the Audit Division;
- Average number of hours used on a typical audit engagement⁴;
- Other types of ongoing services that the Controller's Office provides; and
- Unplanned requests from Mayor, City Council, or other Department Management,

USE OF PROFESSIONAL SERVICES FIRMS

For projects that involve circumstances where; 1) The use of experts/specialists is required; 2) The independence of the Audit Division as an organization is impaired; or 3) There is the potential for significant political sensitivity, the Office of the City Controller may elect to use external consultants. NOTE: A budgeted dollar amount is approved for the use of these resources.

AUDIT PROGRAMS –

Upon the City Controller's approval of the Audit Plan, specific audit programs will be developed for each activity to be audited within the fiscal year ending June 30, 2018. The audit programs will be designed with regard to business services, compliance and other requirements, performance considerations, management input, and specialized skills in order to meet the specific audit objectives of each project. All audit programs, workpapers, and reports will be prepared in accordance with:

- Relevant standards issued by the American Institute of Certified Public Accountants;
- Government Auditing Standards (*Yellow Book*); and
- The Institute of Internal Auditor's International Standards for the Practice of Internal Auditing (*Red Book*).

Where applicable, disclosure of nonconformance will be provided.

STATUS AND UPDATES TO ANNUAL AUDIT PLAN –

The specific projects conducted throughout the year may be a sub-set of the list provided in the Audit Plan. The nature, extent, and timing of audit activities will vary as a result of the differences in the nature of operations, organizational structure, and resource availability.

The Audit Division will also provide any assistance to City management or City Council when they request special projects (*assuming the available resources exist, and depending on the context and priority of the assignment as it relates to risk, exposure, fraud, waste and/or abuse*). These special projects will normally be performed in addition to planned audit work. If the assistance requires the use of external consultants, additional funds may need to be provided by the appropriate departments and/or City Council.

⁴ The Audit Division is a member of the Association of Local Government Auditors (ALGA), which provides aggregated data on internal auditing for local governments, including resource utilization (average number of hours per project).

Executing the Audit Plan involves an update and status process that is scheduled weekly between the City Auditor and the City Controller. Additionally, the Audit Division posts a high-level status report on the Audit Division's website, accessible from the City Controller's Webpage. Feedback to the Division in the form of Post-Audit Surveys and Requests for Audit Services is also available from the Audit Division's website.⁵

ANTICIPATED BENEFITS OF AUDIT ACTIVITIES –

Compliance

Improve Accountability

Cost Savings

Improve Risk Management and Internal Controls

Improve Financial Reporting

Improve Efficiency

⁵ The Audit Division has a website accessible from the Controller's website, which post results of audits, follow-up procedures, and status of progress. See: <http://www.houstontx.gov/controller/audit>

FISCAL YEAR 2018 PLANNED ACTIVITY (PROJECTS)

The following is a list of projects for the FY 2018 Annual Audit Plan. The Audit Process is often thought to be linear in nature however it is a dynamic process and adjusts to evidence, impact, and magnitude of discovery as it occurs during the engagement process. The list provided is the population of projects from which the Audit Division will execute. The status/progress of projects on the Annual Audit Plan is posted on the Audit Division website. In addition, the Audit Division personnel meet with the City Controller weekly to provide a level of transparency and accountability for meeting our goals and objectives.

HOUSTON AIRPORT SYSTEM (HAS)

CONTRACT COMPLIANCE AUDIT – CONSTRUCTION CONTRACT – WILLIAM P. HOBBY AIRPORT

DESCRIPTION: HAS engages in significant contract activity for airport, terminal, facilities, security, maintenance, improvements, and repairs. One construction contract type that has potential for cost recovery and effective partnership is referred to as a Construction Manager at Risk (CMAR). During FY2014, the City contracted with Hensel Phelps/CBIC (joint venture) for construction services at William P. Hobby Airport. The audit team will review contract requirements and performance measures to ensure compliance with contract terms.

HOUSTON POLICE DEPARTMENT (HPD)

PERFORMANCE/COMPLIANCE AUDIT – PROPERTY/EVIDENCE ROOM

DESCRIPTION: HPD uses an Evidence Management System (EMS) to facilitate management of the property room. The audit team will focus on ensuring the accuracy of EMS and compliance with applicable policies and procedures.

HUMAN RESOURCES DEPARTMENT (HR)

PERFORMANCE/COMPLIANCE AUDIT – WORKERS COMPENSATION

DESCRIPTION: The Human Resources Department's Risk Management Division provides services to help identify, analyze, administer, manage and control the City's exposure to risk and losses. The Worker's Compensation group assists this effort by helping to eliminate workplace hazards, creating a drug free work environment and reducing the financial impact of workplace injuries. The audit will focus on compliance with policies, procedures, and contractual agreements that are key components in this process.

PLANNING DEPARTMENT (PD)

PERFORMANCE/ COMPLIANCE AUDIT – HISTORIC PRESERVATION

DESCRIPTION: The Planning and Development Department's Historic Preservation staff is responsible for assisting citizens in historic property designation and stewardship. The audit will evaluate compliance with applicable policies, procedures, regulations and ordinances that are central to this process.

PLANNING DEPARTMENT (PD)

PERFORMANCE/PROCESS REVIEW – SPECIAL REVENUE FUND/DEVELOPER FUND

DESCRIPTION: The Planning and Development Department implemented a budgeted special revenue fund in FY2016 to assist with the management of developer activity. The audit will review processes and evaluate whether the fund is achieving its stated objectives.

SPECIAL PROJECTS & ONGOING MONITORING PROCEDURES

CITIZEN CENTRIC REPORTING (CCR) UPDATE

DESCRIPTION: The Comprehensive Annual Financial Report (CAFR) contains a wealth of financial, demographic, performance, and disclosure information and typically exceeds 300 pages. The goal of the CCR is to select key information (quantitative and qualitative) about the governmental entity from the CAFR and other authoritative sources and present it in a four-page synopsis. The CCR format seeks to present the information in a “user” or constituent-friendly format. The report generally includes visual presentation aids, such as charts, graphs, and tables.

CITY-WIDE HURRICANE HARVEY RECOVERY

DESCRIPTION: Hurricane Harvey made landfall as a Category 4 hurricane near Rockport, Texas on August 25, 2017 subsequently causing rain accumulations of 40 to 50 inches in the Houston area. Unprecedented flooding caused extensive damage to residential homes, private and public-sector business facilities, infrastructure, and vehicles. The Audit Division will monitor and review administrative and operational recovery activity and perform audits on an on-going ad-hoc basis.

ENTERPRISE RISK ASSESSMENT (ERA) UPDATE

DESCRIPTION: Each year the Audit Division develops the Audit Plan based upon risk (primarily business, financial, and operational). Key benefits include; gains in significant knowledge, goodwill, and succession planning by having a diverse team exposed to all the major operations of the City. Professional auditing standards (both GAO and IIA) require audit resources to be allocated to projects based on continued risk assessment methodology. There are currently 4 major components to the ERA Process (1) Review of selected departments on a rotational basis, (2) Significant events occurring during the FY, (3) Changes to major process, structure, leadership within the City, (4) Consideration of Information Systems.

FOLLOW-UP PROCEDURES

DESCRIPTION: As issues are identified during the course of conducting audits/engagements, they are documented and reported accordingly. In order to help initiate change and continued improvement, we communicate with responsible management at regular intervals, and obtain a status of progress on implementation of corrective actions. These communications are formally documented. Additionally, samples of items are tested on a periodic basis, depending on the magnitude, impact, and cost-savings with the results being published as formal reports that disclose status of open items and assess the overall remediation process employed by management.

FRAUD HOTLINE/REPORTING

DESCRIPTION: The Office of the City Controller provides two primary vehicles for reporting fraud, waste and/or abuse: 1) A Fraud Hotline answered by the Audit Division and 2) a link to report fraud available from both the Controller’s Homepage and the Audit Division’s Website. Additionally, the Audit Division provides auditing support based on requests from the OIG and/or other authorities. Each reported concern is addressed. This may result in performing substantive procedures, such as an audit, or may be referred to an outside agency or department for follow-up. The initial contact, work performed, conclusions and/or referral are documented to support their disposition. In some instances, this may also require subsequent follow-up or monitoring to adequately resolve.

QUALITY ASSURANCE PROCEDURES (QA)

DESCRIPTION: Professional standards require that the audit function have a system of quality control/assurance in place to ensure all necessary elements are in place and operating effectively. Each audit/project is reviewed by a professional staff not directly assigned to the audit. The goal is to verify that sufficient, appropriate evidence is gathered and documented to adequately support conclusions based on procedures that are designed to test relevant audit objectives (this includes consideration of Fraud, professional judgment, competency, and supervision).

UNANNOUNCED AUDITS

DESCRIPTION: The Audit Division may perform audits on an unannounced basis during the year. These may include:

- Compliance with Specific Administrative Procedures or Executive Orders
- Petty Cash Counts;
- Inventory Audits (Test Counts/Controls)
